

Save Your Green, with J&D's
GREEN MACHINE

for all your door, inlet, & curtain needs

The pull strength, ease of installation, and minimal maintenance are what you'll enjoy and come to expect with **THE GREEN MACHINE**. Take control of your ventilation system with a flick of a switch.

All for 33%
less than the
Red Machine

Compare **THE GREEN MACHINE** to competition on performance, price, AND warranty!

We're serious about advancing the future of ventilation. By installing **THE GREEN MACHINE**, you can be confident your ventilation will be optimally controlled and managed. Don't overpay for a machine that is over-engineered. Save your buck with a machine that is minimal maintenance, yet strong enough to hold your load. **The Green Machine > The Red Machine.**
