ABOUT US

At Once by Signify, we are more than just your average lighting company. We are the world leader in lighting, with global brands including Once, Interact, and Philips. What sets us apart is our passion for scientific research and innovation, enabling us to constantly push the boundaries and deliver cutting-edge solutions to our clients.

Our team of experts works tirelessly to develop lighting solutions that improve animal welfare, performance and sustainability. We understand that running a farm comes with unique challenges; which is why we offer a range of tailored lighting solutions to help you achieve your goals.

Whether you're looking to optimize productivity or promote animal welfare our team has you covered. Our energy-efficient, environmentally conscious offerings range from basic white lighting to multi-spectral, dynamic solutions with scientifically proven light recipes. We'll help you make your farm more productive, sustainable, and keep your animals healthy and happy.

Let us be your partner in lighting and together we can unlock the full potential of nature and science.

LET'S GET STARTED!

LIGHTS

LIGHT RECIPES TO IMPROVE ANIMAL WELFARE

A light recipe is a specific combination of light intensity, spectrum and schedule designed to achieve desired outcomes. In other words, a light recipe is a set of instructions that tell a lighting system what kind of light to produce and when to produce it.

In poultry farming, specific light recipes can be used to promote many bird performance and welfare-related goals. Examples include encouraging growth, reducing stress and improving egg production. These recipes are designed based on research that identified optimal light intensity, color and duration for these different outcomes. By using these light recipes, farmers can provide their birds ideal lighting conditions to help them thrive.

8W Junction-Box Mounted Light for Pullets (JLP)

Spectrum/Light Recipe: Dim-to-Blue

Features:
- 8W, 120VAC, 930 lm, 180 Degree Tall Lens (very wide beam angle)
- Installation: Junction Box
- Dimming: Smooth dimming 100% to 1% using the Once Control/Dimmer
- Product size and weight: 107mm diameter x 63mm tall. Weight per piece 0.141kg
- Operating temperature -20℃ to 40℃ / -4°F to 104°F
- Ratings and Certifications: IP66, IK07 impact rating, IEC Class I, UL/CSA certified
- Warranty: Rated life >50,000 hours, 5 years

Order number: SKU 1000000579
Description: JLP 800/WB20 120V JB/T VWB Gen 3

Product also used for
Broiler Breeder Pullets

13W Multi-Adapter Light for Broilers (MLB)

Spectrum/Light Recipe: Dim-to-Blue

Features:
- 13W, 230VAC, 1400 lm, 4500K, very wide beam angle
- Installation: Screw Base
- Dimming: Smooth dimming 100% to 1% using the Once Control/Dimmer
- Product size and weight: 87.5mm diameter x 167mm tall. Weight per piece 0.318kg.
- Operating temperature -20℃ to 40℃ / -4°F to 104°F
- Ratings and Certifications: IP66, IK07 impact rating, UL/CSA certified
- Warranty: Rated life >50,000 hours and 3 years

Order number: SKU 1000000815
Description: MLB 1350/WB20 230V EB/T VWB Gen 3

Screw Base

Product also used for Pullets and Turkeys

13W Multi-Adapter Light for Broilers (MLB)

Spectrum/Light Recipe: Dim-to-Blue

Features:
- 13W, 230VAC, 1400 lm, 4500K, efficacy 110lm/W, very wide beam angle
- Installation: Base Unit
- Dimming: Smooth dimming 100% to 1% using the Once Control/Dimmer
- Product size and weight: 87.5mm diameter x 107mm tall. Weight per piece 0.271kg
- Operating temperature -20℃ to 40℃ / -4°F to 104°F
- Ratings and Certifications: IP66, IK07 impact rating, IEC Class l, UL/CSA certified
- Warranty: Rated life >50,000 hours and 3 years

Installation options include junction box mount, Jelly jar mount or suspension (drop-cord) mount using MLM adapters (sold separately)

Order number: SKU 000000728
Description: MLB 1350/WB20 230V BU/T VWB Gen 3

Spectrum/Light Recipe: Dim-to-Red

Features:

- 3W, 120V, 60Hz, 2200K, 170 lm, efficacy 57 lm/W, very wide beam angle
- Installation: Single tube assembly with cables is 60" long (tubes are connected in series)
- Dimming: Fully dimmable
- Product size and weight: 26.6mm diameter x 1382mm length. Weight per piece 0.25kg
- Operating temperature -10°C to 40°C / -4°F to 104°F
- Ratings and Certifications: IK07 impact rating, IEC Class II, UL/CSA certified
- Warranty: Rated life >50,000 hours and 5 years

*Required accessories: starter/extension cable and end cap

Order number: SKU 1000000849

Description: TLL 168/WR40 120V 1T/60 WB Gen 3

Product also used for Layer Pullets, Broilers, and Breeders

Double Tube - Tube Light for Layers (TLL)

Spectrum/Light Recipe: Dim-to-Red

Features:

- 6W, 120V, 60Hz, 2200K, 340 lm, efficacy 57 lm/W, very wide beam angle
- Installation: Double tube assembly with cables is 110" long (tubes are connected in series)
- Dimming: Fully dimmable
- Product size and weight: 26.6mm diameter x 2761mm length. Weight per piece 0.56kg
- Operating temperature -10°C to 40°C / -4°F to 104°F
- Ratings and Certifications: IP66, IK07 impact rating, IEC Class II, UL/CSA certified
- Warranty: Rated life >50,000 hours and 5 years

*Required accessories: starter/extension cable and end cap

Order number: SKU 1000000841

Description: TLL 331/WR40 120V 2T/110 WB Gen 3

Product also used for Layer Pullets, Broilers, and Breeders

Double Tube - Tube Light Under-System (TLUS)

Spectrum/Light Recipe: Bright White

Features:

- 8.5W, 120V, 60Hz, 5000K, 1200 lm, efficacy 140 lm/W, very wide beam angle, dual asymmetric beam spread
- Installation: Double tube – 97" long (in-series) | Double tube - 91" long (stringer-tube)
- Dimming: Fully dimmable
- Product size and weight: 25.6mm diameter x 2463mm length. Weight per piece 0.632kg
- Operating temperature -10°C to 40°C / -4°F to 104°F
- Ratings and Certifications: IP66, IK06 impact rating, IEC Class II, UL/CSA certified
- Warranty: Rated life >50,000 hours and 5 years

*Accessories required: starter cable and end cap, stringer (when applicable)
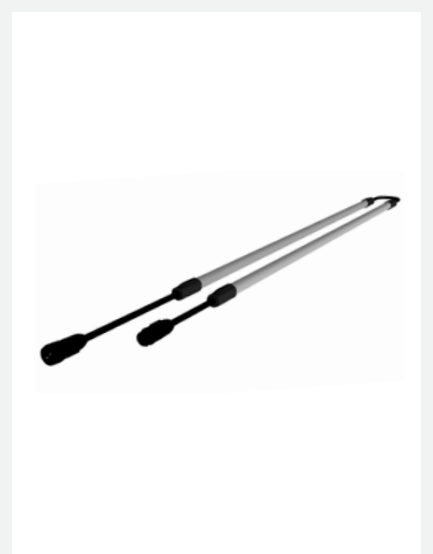

Order number:

In-series SKU 1000000951 and stringer-tube version: SKU 1000001065

Description: TLUS 1240/W50 120V 2T/097 WB Gen 3

Product also used for Layer Pullets

Single Tube - Tube Light Under-System (TLUS)

Spectrum/Light Recipe: Bright White

Features:

- 4.2W, 120V, 60Hz, 5000K, 600 lm, efficacy 140 lm/W, very wide beam angle, dual asymmetric beam spread
- Installation: Single tube with cables is 55" long
- Dimming: Fully dimmable
- Product size and weight: 25.6mm diameter x 1397mm length. Weight per piece 0.353kg
- Operating temperature -10°C to 40°C / -4°F to 104°F
- Ratings and Certifications: IP66, IK06 impact rating, IEC Class II, UL/CSA certified
- Warranty: Rated life >50,000 hours and 5 years
*Accessories required: starter cable and end cap

Order number: SKU 1000000952

Description: TLUS 620/W50 120V 1T/055 WB Gen 3

Product also used for Layer Pullets, Broilers, and Breeders

Single Tube - Tube Light for Pullets (TLP)

Spectrum/Light Recipe: For use with the Junglite light recipe

Features:

- 3.5W, 120V, 60 Hz, 8500K, 250 lm, efficacy 72 lm/W, very wide beam angle spread
- Installation: Single tube with cable is 60" long (tubes are connected in series)
- Dimming: Fully dimmable with sunrise/sunset function
- Product size and weight: 26.6mm diameter x 1524mm length. Weight per piece 0.26kg
- Operating temperature -10°C to 40°C / -4°F to 104°F
- Ratings and Certifications: IP66, IK06 impact rating, IEC Class II, UL/CSA certified
- Warranty: Rated life >50,000 hours and 5 years
*Accessories required: starter/extension cable and end cap

Order number: SKU 1000000505

Description: TLP 250/WB40 120V 1T/60WB Gen 3

Product also used for Layer Pullets, Broilers, and Breeders

Double Tubes - Tube Light for Pullets (TLP)

Spectrum/Light Recipe: Junglite Green

Features:

- 7W, 120V, 60 Hz, 8500K, 500 lm, efficacy 72 lm/W, very wide beam angle
- Installation: Double tube with cables is 194" long (tube is connected in series)
- Dimming: Fully dimmable with sunrise/sunset function
- Product size and weight: 26.6mm diameter x 1524mm length. Weight per piece 0.75kg
- Operating temperature -10°C to 40°C / -4°F to 104°F
- Ratings and Certifications: IP66, IK06 impact rating, IEC Class II, UL/CSA certified
- Warranty: Rated life >50,000 hours and 5 years
*Accessories required: starter/extension cable with end cap

Order number: SKU 1000000551

Description: TLP 500/WB40 120V 2T/194 WB

Product also used for Layer Pullets, Broilers, and Breeders

Straight-Through Feed Line Light (EL)

Spectrum/Light Recipe: Full Spectrum Dim-to-Red

Features:

- 3W, 120VAC, 5000K, 175 lm, very wide beam angle
- Installation: aisle lighting, using standard ½" PVC conduit body
- Dimming: Smooth dimming 100% to 5% using the Once Control/Dimmer
- Product size and weight: 103.9mm length x 34.6mm wide x 11mm tall. Weight per piece 0.042kg/0.094Lbs
- Operating temperature -10°C to 40°C / -4°F to 104°F
- Ratings and Certifications: IP66, IEC protection: Class I, Shock resistance rating: IK03
- Warranty: Rated life >50,000 hours and 5 years

Order number: SKU 1000000611

Description: EL 132/WR50 120V HW WB

BIOSECURITY

BioShift UV-C Chamber, Small Unit

- Small chamber with two doors (one in the front and one in the back)
- 120-240V, 50/60Hz
- Outside dimensions 23 L x 29.5 W x 23.6 H inches (585 L x 750 W x 600 H mm)
- Stainless steel
- Touch-screen control panel
- IP50, safety class I, UL/CSA Certified
- UV 20W Light bulbs (4)
- Net weight: 50 kg/100 lbs
- Warranty: 2 years

Includes: drip tray, 1-pack of UVC intensity monitoring cards, safety glasses, 1.5m power cable

Order number: SKU 1000000372

BioShift UV-C Chamber, Extra-large Unit

- Extra-large chamber with two doors (one in the front and one in the back)
- 120-240V, 50/60Hz
- Outside dimensions 46.5 L x 30 W x 72 H inches (1180 L x 762 W x 1828 H mm)
- Stainless steel
- Touch-screen control panel
- IP50, safety class I, UL/CSA Certified
- UV 40W Light bulbs (18)
- Net weight: 170 kg/375 lbs
- Warranty: 2 years

Includes: drip tray, 1-pack of UVC intensity monitoring cards, safety glasses, 4 removable racks

Order number: SKU 1000000375

INTRODUCING THE BIOSHIFT, A TOOL FOR BIOSECURITY

A ONCE study on biosecurity in agriculture proved that a 5-minute exposure to UVC disinfection, reduced all common bacteria and viral load by a minimum of 4 log or 99.99%.

The Once BioShift is a stainless steel chamber that houses Ultraviolet-C (UVC) light.

- Chemical-free uv disinfection to maximize bio-security protocols
- Heavy-duty stainless-steel chamber
- Rugged shelving to support heavy items
- A single-entry and exit (synchronized locking) to ensure only treated items can enter a facility
- Safety-tested to ensure that UVC does not leak
- Available in two sizes; a small and extra-large unit

ADAPTORS
AND ACCESSORIES

ADAPTORS | ACCESSORIES
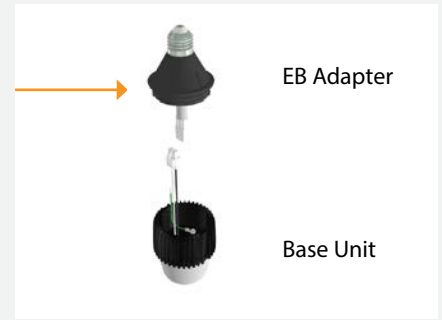

Edison Base Adapter Kit

The Edison Base adapter kit can be used with all ML and MLM-series base units

Kit Specs:
• Standard E26 screw base
• Operating temperature -20°C to 40°C / -4°F to 104°F
• Product weight per piece 0.050kg/0.110lbs
Order number: SKU 1000000477
Description: MLEB 00 ADP KIT

EB Adapter

Base Unit

Multi-Adapter Light Mini, Junction Box (JB) Adapter Kit

The Junction Box adapter kit can used to mount ML and MLM-series to existing ONCE junction box. Adapter supplied with ONCE quick connect wire harness.
Kit Specs:
• Operating temperature -20°C to 40°C / -4°F to 104°F
• 110mm diameter x 18mm tall
• Product weight per piece 0.054kg/0.118lbs

Order number: SKU 1000000426
Description: MLM JB 00 ADP KIT

Junction box sold separately* see below.

Junction Box

JB Adapter

Base Unit

Junction Box

Plastic Junction box suitable for new installations or refurbishments in barns. Featuring mounting tabs, (5) 3/4 NPT threaded holes with knockouts and standard cover hole pattern for mounting ML series adapters.
Product Specs:
• Operating temperature -20°C to 40°C / -4°F to 104°F,
• Product weight per piece 0.25kg/0.55lbs

Order number: SKU 1000000410
Description: RND NM WP Box (5) 3/4 IN. Out KO - Gray

## Multi-Adapter Light Mini, Hard Wire (HW) adapter

The Hard Wire adapter can be used with all ML series base units. The adapter suspends a ML or MLM light two meters from the junction box.

Product specs:
- Operating temperature -20℃ to 40℃ / -4℉ to 104℉
- 72mm diameter x 2000mm tall
- Product weight per piece 0.236kg/0.520Lbs
- Also available in 1m and 2ft. lengths

Order number: SKU 1000000473
Description: MLM HW 00 2M ADP KIT

HW Adapter

Base Unit
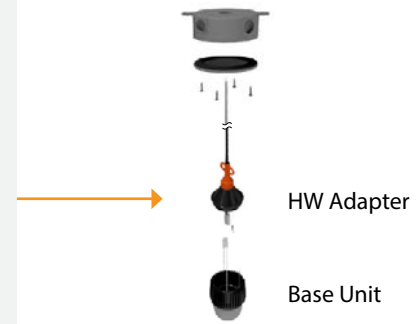

Stringer Adapter (STC) - 1m overall length

The 1m Stringer Adapter attaches a ML or MLM-series light to a STC stringer. The assembly is equipped with the ML and MLM quick-connect wire harness.

Product specs:
- Operating temperature -20℃ to 40℃ / -4℉ to 104℉
- Product weight per piece 0.30kg/0.66lbs

Order number: SKU 1000000640
Description: ML STA 00 1M

Stringer

Adapter 1m

Stringer Adapter (STC) - 2m overall length

The 2m Stringer Adapter attaches a ML or MLM-series light to a STC stringer. The assembly is equipped with the ML and MLM quick-connect wire harness.

Product specs:
- Operating temperature -20℃ to 40℃ / -4℉ to 104℉
- Product weight per piece 0.60kg/1.32lbs

Order number: SKU 1000000406
Description: ML STA 00 2M

Stringer

Adapter 2m

NatureDynamics Dome Drop Cord Kit

The 2m Dome Drop Cord suspends a NatureDynamics Dome light 2m from a ceiling-mounted junction box. This contains (1) drop cord, 1 silicone gasket and (2) lever-lock connectors.

Kit specs:
- Operating temperature -10℃ to 40℃ / 14℉ to 104℉
- Product weight per piece 0.35kg/0.77lbs

Order number SKU: 1000000931
Description: ND Dome Drop Cord 2m

ADAPTORS | ACCESSORIES
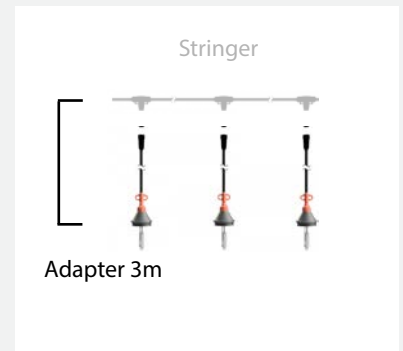

Stringer Adapter (STC) - 3m overall length

The 3m Stringer Adapter attaches a ML or MLM-series light to a STC stringer. The assembly is equipped with the ML and MLM quick-connect wire harness.

Product specs:
- Operating temperature -20°C to 40°C / -4°F to 104°F. P
- Product weight per piece 0.90kg/1.98lbs.

Order number: SKU 1000000562
Description: ML STA 00 3M

Stringer

Adapter 3m

Stringer Adapter (STC) - 12" overall length

The 12 inches Stringer Adapter attaches a ML or MLM-series light to a STC stringer. The assembly is equipped with the ML and MLM quick-connect wire harness.

Product specs:
- Operating temperature -20°C to 40°C / -4°F to 104°F
- Product weight per piece 0.25kg/0.55lbs

Order number: SKU 1000000641
Description: ML STA 00 1FT

CONTROLLERS
AND DIMMERS

Controller, LCL, 120VAC - 60 Hz

A farm lighting controller with two built-in dimming channels. Featuring: AC phase-cut dimming, (2) 1,000 W, 8.34 amp dimming channels, programmable light recipes up to 500 days (20 light events per day).

Product specs:
- 120 VAC, 60 Hz
- 221mm Width x 269mm Length x 139mm Depth
- Operating temperature 0°C to 40°C / 32°F to 104°F
- Product weight per piece 3.00kg/6.60lbs
- Warranty: 36-months

Order number: SKU 1000000479
Description: AGMD 00 120V-60Hz

Dimmer, LEL, 120VAC

A farm lighting two-channel dimmer featuring: AC phase-cut dimming, (2) 1,000 W, 8.34 amp dimming channels. Controlled by farm computer, 0-10V DC input signal or manually.

Product specs:
- 120 VAC, 60 Hz
- 221mm Width x 269mm Length x 139mm Depth
- Operating temperature 0°C to 40°C / 32°F to 104°F
- Product weight per piece 3.00kg/6.60lbs
- Warranty: 36-months

Order number: SKU 1000000464
Description: AGSD 00 120V-60Hz

Controller, LCL, 230VAC - 50 Hz

A farm lighting controller with two built-in dimming channels. Featuring: AC phase-cut dimming, (2) 1,000 W, 4.1 amp dimming channels, programmable light recipes up to 500 days (20 light events per day).

Product specs:
- 230VAC, 50 Hz
- 221mm Width x 269mm Length x 139mm Depth
- Operating temperature 0°C to 40°C / 32°F to 104°F

We're excited to help you find the perfect product for your needs. On this page, we'll guide you through the process of purchasing our products, from selecting the right item to checking out and receiving your order.

1

STEP 1: BROWSE OUR PRODUCT SOLUTIONS AND OFFERINGS

The first step in buying our products is to browse our selection. You can find our products in this catalog and also online at www.once.lighting. Our website is easy to navigate, with clear categories and filters to help you find what you're looking for. Our dedicated animal lighting experts are here to help you with a lighting plan for your barn or operation, please reach out at +1 (763) 297-9179.

2

STEP 2: SELECT THE RIGHT ITEM

Once you've found a product you're interested in reach out to our customer service team for a quote at +1 (763) 297-9179. We are ready to assist you during standard business hours, Monday-Friday, 8AM-4PM central time.

3

STEP 3: WHERE TO BUY

Once you've selected the right item, contact your Once by Signify account manager or your local equipment dealer. If you have any questions regarding installation, don't hesitate to reach out to our customer service team or your account manager.

Find a Once by Signify Account Manager near you;
