

Individual Mat Control

Model: IMC

Affordable, automatic heat mat control

The Individual Mat Control is an economic and easy-to-use product that automatically controls heat mats according to temperature.

Powerful, yet easy to use

The Individual Mat Control is loaded with powerful features, including a **six-step growth curve**. All control functions are never more than a few button presses away, making the Individual Mat Control one of the easiest controls to program.

Features

- Automatic temperature-based control, programmable range: 70 to 125°F (21 to 51°C)
- Six-step growth curve, up to 365 days duration
- Manual override mode
- Variable heating stage for controlling heat mats
- Temperature probe input
- Minimum and maximum temperature logging
- Alarm message display
- Power-failure settings protection
- Rugged enclosure (corrosion resistant, water resistant, and fire retardant)
- CSA approval
- Limited warranty (2 years)

Electrical ratings

- **Incoming power** 120/230 VAC, 50/60 Hz
- **Variable stage** 3.5 A at 120/230 VAC
400 W at 115 VAC; 800 W at 230 VAC

Accessories

IMC Saver

The IMC Saver is an innovative and easy-to-use product that stores a complete copy of an Individual Mat Control's configuration and settings. You can restore the configuration and settings any time, or even set up new controls in seconds!

IMC Updater

The optional IMC Updater is an innovative and easy-to-use product that updates the firmware of Individual Mat Controls as new versions become available. The IMC Updater takes seconds to use and can update all the Individual Mat Controls at your site.
