

Plasson Broiler Drinker Installation Instructions

Hanging:

Connect the Suspension Cord to the Suspension System as Shown in the Picture

Connect the tube to the water pipe with a Plasson Saddle or Pin- Saddle (not shown)

Clip:

Install the Clip above the In-Line Shut-Off

In-line Shut-Off:

Install the In-Line Shut-Off above the Handle Hook. Cut the tube and insert the In-line Shutoff inlet and outlet into tube opposite ends

Cord Adjuster:

Connect the Cord Adjuster to the Nylon Cord as shown in the picture.

Flexible Tube:

Make the loop as shown in the picture. Make sure the Flexible Tube is not tight.

Handle Hook:

* Hang the Bell Drinker on the Handle Hook
* The Flexible Tube must be connected to the Handle Hook as shown in the picture

Water Level Adjuster:

More water - turn to the right (Clockwise)
Less water - turn to the left (Counterclockwise)
