Innovation and efficiency for your farm

EFFECTIVE SOLUTION FOR MOVING DEAD ANIMALS

Handling this task has never been so simple:

MINIMAL EFFORT

Load, move, and unload with reduced physical effort.

EASY HANDLING

Capable of carrying up to 350 pounds, Companion Cart facilitates movement with its ball-bearing wheel system and motorized assistance.

EASY AND SAFE TO USE

STABILITY IN MOVEMENT

Whether in narrow aisles, on slopes, or over obstacles, Companion Cart moves with ease and safety.

COMPACT DESIGN

Space-saving when not in use, it helps you maximize space on your farm.

FOCUS ON SAFETY

Every detail has been designed to protect users during operation.

ROBUST AND LIGHTWEIGHT CONSTRUCTION

Companion Cart is designed to withstand the demanding environments of pig farms. With robust construction and anti-corrosion materials, it guarantees long-term durability and resistance.

MINIMAL MAINTENANCE

Forget the complications. Companion Cart does not require lubrication and is compatible with pressure washers, making it easy to clean and maintain. Its puncture-proof tires ensure constant and reliable performance.
